What we need to put your work on our site

Small list. Send what you have — if something's missing, that's fine, we'll work with the rest.

---

1. Pictures of the work

This is the main thing. Whatever we made for you — the posts, the packaging, the shoot, the website, the hoarding. Screenshots are okay, originals are better.

- **Photos** — the bigger the file, the better. Please not WhatsApp copies, they come out blurry.
- **Videos or reels** — MP4, or just send us the Instagram links.
- **Anything printed** — a photo of it on a shelf or wall works great.

Drive / Dropbox / WeTransfer link — or just email the files

---

2. Your logo

Ideally the original file — **.AI**, **.EPS** or **.SVG**. If you only have a PNG, send the biggest one you have, with a see-through background if possible.

3. What we did for you — just tick

4. Any numbers — only if you want

Helps a lot, but skip it if it's private. Percentages are fine — "followers went 3×" is as good as the real figure.

Followers, sales, traffic, enquiries — whatever you're happy to share

5. A line from you — only if you want

One or two sentences on how it went. Normal words, nothing formal.

And your name, so we can credit you

6. Are you okay with us showing it?

We won't put anything up without a yes.

☐ Yes, all of it ☐ Yes, but no numbers ☐ Logo only ☐ Not yet

Anything to hold back, or wait until a date?

Send it over whenever — no rush.
